## **Marijuana Grow House Busted**

On Monday October 13, 2008, members of the Hull Police Department with the assistance of the Hingham Police Department executed a search warrant at 35 Manomet Avenue, Hull MA at approximately 7 p.m. and uncovered 113 marijuana plants having an estimated street value of \$452,000.

During the search of the house, detectives located an elaborate hydroponics marijuana grow house with false walls containing internal air conditioning units, electrical and irrigation equipment used in the operation. The grow house located in a three story home in a residential neighborhood consisted of four grow rooms located on the top two floors. This elaborate setup included gas lines located throughout the house for CO2 Generators, false walls with air conditioning units in each grow room, air exchangers, high intensity lighting, timers, thermostats, and ducting.

On October 13, 2008 the Hull Police Department concluded an investigation into an Indoor Marijuana Grow House in the town of Hull. For the past month, Detective Craig Lepro and Officer Sean Conneely investigated the suspected grow house operation which resulted in a search warrant for 35 Manomet Ave. in Hull.

The investigation to date has resulted in five arrests and the seizure of 113 Marijuana plants. Using the average of \$4,000 value per mature plant, the crop would have fetched about \$452,000 on the street. Also seized were two motor vehicles and over \$4000 in cash. The search also uncovered marijuana grow equipment valued at an estimated \$45,000, the investigation is ongoing and more arrests are anticipated.

The investigation resulted in the arrest of the below listed suspects charged as indicated. Four of the suspects are being held on \$50,000 Cash. And the fifth subject is being held on \$25,000.
